

## Kindergarten Registration Night

After [registration](#) opens, we like to have a Kindergarten Registration Night to kick off excitement for some of our littlest learners. We like to do this Mid to Late March.

Here are stations you need to have ready:

### Family Checklist – Here We Grow!

- Complete online registration
- Participate in student screening
- Take a school tour and/or bus
- Talk with the school nurse
- Pick up your kindergarten information packet
- Visit the kiddie table (if applicable)
- Turn in checklist & receive your gift 🎁

We can't wait to welcome our newest learners and their families. We hope you'll join us as we grow together! 🌻

Since the K Registration Night involves registration, the office staff will need to be compensated for the after hours. Registration (Maye, Boswell) will handle the document and registration approval part. However, it would be helpful for your office staff to be there to assist any families who need help accessing/completing the online registration. It is also a good opportunity to have the new parents meet your office staff since they are often the face of your school.

If you have any questions, please contact Haley Coopridier.

**Here is an example of our flyer that can be shared with families. There is one for CES/WES and one for HES/CAES.**
